CURRICULUM VITAE

Huda Abu *Alkherr*

Full Stack Developer · Web & ERP Systems

Full Stack Developer with **2.5+ years** of experience building web applications and ERP systems with **Angular, React, Laravel, Python and Odoo**. Designed and built, end to end, a complete **18+ module ERP platform** for a logistics company. A background in administration and the humanitarian sector (UNICEF, Save the Children) gives me a first-hand understanding of how organizations run, which I bring into every system I build.

Experience

Full Stack Developer
May 2025 – Present
Real Estate Company

- Built an **Odoo-integrated system for construction and contracting projects**, covering the full lifecycle from feasibility and contracting to licensing, execution and closure, with an Angular and Tailwind CSS interface and an interactive map.
- Developed a **real estate website** and a **news platform**.

Full Stack Developer
Apr 2024 – Apr 2026
Freelance · Web & ERP Development

- Sole developer of an **18+ module ERP platform** for a logistics and customs-clearance company: Angular frontend, custom Odoo modules in Python, REST API layer and PostgreSQL.
- Developed and maintained responsive web applications with Angular, React, PHP, Tailwind CSS, JavaScript and MySQL, including a **clinic booking system** and **e-commerce stores**.
- Built user-friendly interfaces and back-end functionality; managed databases, fixed bugs and improved application performance.
